

Harvest Worker Prayer

I trust you with your work, Oh, Lord. I yield to what Jesus, your Son, commanded us to pray in *Matthew 9:38*. I call on you as the Lord of the Harvest to send workers into the harvest. I pray your kingdom would be advanced and your name be glorified as workers go out to do your work. I too, see what you see, this harvest is so great and the workers are so few. So, thrust the laborers out...force them out...push them out by your power into the work you have for them. **“In the name of Jesus, harvest workers, go out!”**

By your power, break every yoke that holds your workers back. Apply your power to their broken character. By your power, confront their sins and shortcomings. Forgive their sins and cleanse them from unrighteousness and cover them with your grace. Give them visions of service, willing spirits and confident hearts. Break the yoke of fear and intimidation...give them faith to engage. **“Fear, be gone, in Jesus’ name!”**

By your power, crack the heart that is hardened against service. Speak clearly to those who say, “I’ve done my part” or those who say, “I don’t have time” or those who say, “let’s build up our house” when the House of God is neglected. Confront those who never have time to serve you and are distracted by the temporary activity of this world. Destroy every selfish thought in their hearts, and cause self-less service to burst into freedom and fruitfulness. **“Spirit of Selfishness, be gone in Jesus’ Name!”**

By your power, destroy all the excuses and human arguments and imaginations that prevent workers from engaging and going out into the harvest. Break through these ‘lies’, which are falsely called ‘reasons’ for their complacency- whether the lies come from their own souls, their family members, or friends, enemies or demons. **“Excuses, be revealed in Jesus’ name!”**

By your power, cause every harvest worker to hear your voice. Let them hear your call. Grant them ears to hear what you are saying to them personally. Confront those who love their father and mother, brother and sister, or friends, more than they love you. **“In the name of Jesus, harvest workers open your ears to the Lord of the Harvest and embrace the spirit of Jesus, Who Himself did not come to be served, but to serve and to give His life! Lord of the harvest, send out workers into your harvest field.”**
